

ACKNOWLEDGEMENTS

I am grateful for the opportunity to discuss points arising from the translation with Françoise Monnoyeur, Dugald Murdoch, Eduardo Pérez-Bercoff and particularly Hans-Jörgen Ulfstedt. But my greatest debt of gratitude is to Jan Österberg, who can now look forward to drinking his tea in peace after our swimming sessions. Work on this volume was supported by The Bank of Sweden Tercentenary Foundation.

I am also grateful to Cambridge University Press for granting me permission to quote from *The Philosophical Writings of Descartes*, Vol. I, translated by John Cottingham, Robert Stoothoff and Dugald Murdoch, Cambridge University Press, 1985, and to Oxford University Press for permission to quote from *Titi Lucreti Cari De rerum natura libri sex*, edited with prolegomena, critical apparatus, translation, and commentary by Cyril Bailey, © 1947 Clarendon Press, Oxford.
