## Acknowledgements

I am indebted to Dr C. Smeenk and Mr D. Reeder of the National Museum of Natural History, Leiden for the utilization of the collection of the Museum.

The valuable suggestions of Dr M.H. den Boer after critical reading of the manuscript are deeply appreciated, furthermore my thanks are due to him for correcting the English text.

Finally I wish to express my thanks to Mr R.F. van Beek for developing the films and printing the negatives and to Mrs T. Oostenbrug for typing the manuscript.
