Table of Contents

Preface....1

About This Book....2
The Audience of This Book....3
No Need to Read the Whole Book....4

About the Authors....9

Acknowledgements....10

1 What Pervasive Computing Is All About....11

1.1 Times Are Changing....11

1.2 Decentralization Continues....14

1.3 Applied Pervasive Computing....16

1.4 Pervasive Computing Principles....18
1.4.1 Decentralization....19
1.4.2 Diversification....19
1.4.3 Connectivity....22
1.4.4 Simplicity....23

1.5 Pervasive Information Technology....24

Part I.
Devices....27

2 Information Access Devices....31

2.1 Handheld Computers....31

2.1.1 Palm OS-Based Devices....31
2.1.2 Windows CE-Based Handheld Computers....35
2.2 Sub-Notebooks 41
2.2.1 Windows CE-Based Sub-Notebooks....41
2.2.2 EPOC-Based Sub-Notebooks 42
2.3 Phones.... 43
2.3.1 Cellular Phones....43
2.3.2 Data Transmission Capabilities....44
2.3.3 Smart Phones....46
2.3.4 Screenphones 48
2.4 Further Readings.... 49

3 Smart Identification 53
3.1 Smart Cards.... 53
3.1.1 What Is a Smart Card?....53
3.1.2 Smart Card Hardware 55
3.1.3 Smart Card Software 58
3.1.4 Communication Between the On-Card and Off-Card Parts 59
3.2 Smart Labels 62
3.2.1 Example Applications....65
3.3 Further Readings.... 67

4 Embedded Controls 71
4.1 Smart Sensors and Actuators.... 71
4.2 Smart Appliances 77
4.2.1 The Smart Clock 77
4.2.2 Heating, Ventilation, and Air Conditioning....78
4.2.3 White Goods Appliances 79
4.3 Appliances and Home Networking.... 83
4.3.1 Residential Gateway 84
4.3.2 Cellular Communication 85
4.3.3 Service Provider and Residential Gateway 87
4.4 Automotive Computing.... 87
4.4.1 Intelligent Controls, Sensors, and Actuators....87

4.4.2 On-Board Computing Systems 89
4.4.3 In-Vehicle networks 95

4.5 Further Readings 102

5 Entertainment Systems 105

5.1 Television Systems 105
5.1.1 New Applications 105
5.1.2 Analog and Digital Broadcasting 107
5.1.3 Set-Top Boxes 108
5.1.4 New Players in the Entertainment Business 109

5.2 Game consoles 110
5.2.1 Sega Dreamcast 111
5.2.2 Sony Playstation 2 113
5.2.3 Nintendo Dolphin 115
5.2.4 Microsoft X-Box 116

5.3 Further Readings 117

Part II.
Software 119

6 Java 121

6.1 Language Characteristics 122

6.2 Java Class Libraries 123

6.3 Java Editions 125

6.4 PersonalJava and EmbeddedJava 128

6.5 Development Tools for Java 129

6.6 Further Readings 131

7 Operating Systems 133

7.1 Windows CE 133
7.1.1 Operating System Configurations 134
7.1.2 Memory Management 135
7.1.3 Processes, Threads, and Interrupts 138

7.1.4 User Interface....139
7.1.5 Communication and Networking....141
7.1.6 Peripherals and Device Drivers....142
7.1.7 Platform-Builder – Creating a Custom OS....143
7.1.8 Developing Applications....145

7.2 Palm OS....146
7.2.1 Memory Management....147
7.2.2 Events....150
7.2.3 User Interface....150
7.2.4 Communication and Networking....151
7.2.5 Conduits....154
7.2.6 Developing Applications....155

7.3 Symbian EPOC....157
7.3.1 Operating System Architecture....158
7.3.2 Application Architecture....159
7.3.3 Developing Applications....159
7.3.4 A Sample Application....161

7.4 Java Card....162
7.4.1 Java Card Framework....163
7.4.2 Lifetime of On-Card Applets and Objects....164
7.4.3 Developing a Card Applet....165
7.4.4 A Sample Applet....167

7.5 Windows for Smart Cards....169
7.5.1 File System and Access Control....169
7.5.2 Applets and Windows for Smart Cards API....171
7.5.3 Off-Card Application....173
7.5.4 Solution Manager....174
7.5.5 A Sample Card Applet....175

7.6 Further Readings....177

8 Middleware Components....181

8.1 Programming Consumer Devices....181
8.1.1 JavaPhone API....181
8.1.2 JavaTV API....183
8.1.3 WebTV....186

8.2 Smart Card Programming....188

8.2.1 OpenCard Framework 188
8.2.2 PC/SC 192
8.3 Messaging Components 195
8.3.1 MQ Everyplace 195
8.4 Database Components 199
8.4.1 DB2 Everywhere 199
8.5 Further Readings 200

9 Security 203
9.1 The Importance of Security 203
9.2 Cryptographic Patterns and Methods 204
9.2.1 Symmetric Cryptographic Algorithms 204
9.2.2 Asymmetric Cryptographic Algorithms 208
9.2.3 How Secure Is an Algorithm? 211
9.3 Cryptographic Tools 212
9.3.1 Hash 212
9.3.2 Message Authentication Code (MAC) 212
9.3.3 Digital Signature 212
9.3.4 Certificate 214
9.4 Secure Socket Layer (SSL) 214
9.5 Further Readings 215

Part III.
Connecting the World 217

10 Internet Protocols and Formats 219
10.1 Hypertext Transfer Protocol (HTTP) 219
10.2 Hypertext Markup Language (HTML) 221
10.3 Extensible Markup Language (XML) 222
10.4 Further Readings 226

11 WAP 227

11.1 The WAP Architecture..... 227

11.2 Wireless Application Environment..... 230
11.2.1 Wireless Markup Language.....233
11.2.2 WAP Binary XML Content Format 237
11.2.3 WMLScript 238

11.3 Further Readings..... 241

12 Connectivity 243

12.1 Wireless Wide Area Networks 243
12.1.1 Cellular Basics.....243
12.1.2 Major Digital Cellular Systems 255
12.1.3 Advanced Cellular Radio Standards.....263

12.2 Short Range Wireless Communication..... 276
12.2.1 DECT.....277
12.2.2 Bluetooth 279
12.2.3 IrDA 288

12.3 Home Networks 292

12.4 Further Readings..... 301

13 Service Discovery 303

13.1 Universal Plug and Play..... 304

13.2 Jini..... 306

13.3 Salutation..... 307

13.4 Further Readings..... 308

Part IV.
Back-End Server Infrastructure..... 311

14 Gateways 315

14.1 Connectivity Gateway..... 316
14.1.1 Palm Webclipping Proxy Server.....316
14.1.2 WAP Gateway.....317

14.2 Wireless Gateway 319

14.3 Transcoding 320
14.3.1 InfoPyramid Framework 322
14.3.2 ProxiNet Transcoding Gateway 323

14.4 Residential Gateway 323

14.5 Further Readings 324

15 Web Application Servers 327

15.1 Architecture and Components 327
15.1.1 Java Servlets 328
15.1.2 Enterprise Java Beans 332

15.2 WebSphere Application Server 335

15.3 WebSphere Everyplace Suite 336

15.4 Oracle Portal-to-Go 337

15.5 Further Readings 338

16 Device Management 341

16.1 Tasks of Device Management Systems 341

16.2 Tivoli Device Support Infrastructure 342

16.3 User Profiles and Directory Services 344

16.4 Further Readings 346

17 Synchronization 347

17.1 What Synchronization Is All About 347

17.2 The Challenges of Synchronizing Data 348

17.3 Industry Data Synchronization Standards 349
17.3.1 Infrared Mobile Communications (IrMC) 349
17.3.2 Mobile Application Link (MAL) 350
17.3.3 SyncML 350

17.4 Today's Synchronization Solutions 353

17.5 Further Readings 353

Part V.
New Services 355

18 Portals and Access Services 357
18.1 Internet Portals 357
18.2 Wireless Portal 358
18.3 Broadcasting Portal 360
18.4 Further Readings 361

19 Home Services 363
19.1 The System View 363
19.2 Communication Services 364
19.3 Home Automation 365
19.4 Energy Services 366
19.5 Security Services 367
19.6 Remote Home Healthcare Services 368
19.7 Further Readings 368

20 Travel and Business Services 371
20.1 Travel Services 371
20.1.1 On the Ground 373
20.1.2 ... And in the Air 374
20.2 Business Services 375
20.2.1 Field Support 376
20.3 Further Readings 377

21 Consumer Services 379
21.1 Interactive Advertisement 379
21.2 Loyalty 380

21.3 Shopping 380
21.4 Payment Services 382
21.5 Further Readings 383

Part VI.
Appendices 385

A Bibliography 387

B Glossary 391

C Index 399
